Incident Notification
## Escape, Injury, Theft, Disease

What to do

STOP

In the event of escape, injury, theft, or disease, adhere to established emergency protocols to ensure the safety and security of all individuals.

THINK

Secure individuals and animals away from additional risks, maintaining composure and using clear and concise communication.

ACT

Notify the Department by using the Exhibited Animals Incident Notification form at www.dpi.nsw.gov.au

Steps to notify the Department

Initial contact within 2 hours. Fill out all required information on the NSW Exhibited Animals Incident Notification form.

Upon reporting to the Department, you will receive a follow-up email with a separate link providing instructions for handling a re-captured or found animal.
